

OUT OF STATE VENUES 2010 Sponsorship Opportunity

Dear Neighbor:

American Youth Motorsports Team is currently raising \$2,000.00 to cover the travel expenses to visit the Florida School for the Blind in St. Augustine, FL. Donations of \$25-\$50-\$100, or more would be appreciated. Your donation would be identified on the AYMT web site regarding the above two trips. Your donation tax deductible. Please review the web site at www.aymt.org.

These motorsports venues have been conducted at Scottish Rite & Hughs Spalding Children's Hospitals in metro Atlanta for the past six years. These venues have been well received by the critical care children & families. AYMT believes by visiting the above two venues it will bring national credibility and hopefully raise additional funding for years to come.

American Youth Motor Sports Team (AYMT) is dedicated to providing girls and boys between the ages of 6 and 17 a motor sports venue/seminar. The seminar promotes the use of seat belts, helmets, and protective clothing in everyday activities through prevention and education. The seminar also promotes career opportunities in the field of motor sports. Teamwork, personal discipline, self-esteem, anti-alcohol, tobacco and drug use are some of the topics discussed in our seminars. AMYT is committed to providing a positive environment for Critical Care Children at the Metro Atlanta Children's Hospital and Boys and Girls Clubs.

These seminars allow children undergoing treatment the opportunity to just and have fun while they touch, feel, and sit in actual race equipment. The AYMT junior dragster and pro go-kart, simulators, helmets, jackets, gloves, collars, etc. guarantees a wonderful experience for the kids. We answer questions, play motorsports videos, and distribute goody bags (including a hat/t-shirt and motorsports stickers) to all attendees.

Furthermore, AYMT is involved in the Metro Atlanta Boys & Girls Club based in Duluth and Lawrenceville, Georgia. These seminars take a different approach by discussing career opportunities, education, and drug/alcohol/tobacco awareness, and safety.

Thank you,
Joe Bilancio, President
