Children's<sup>®</sup>  
Healthcare of Atlanta

Dear Joe,

On behalf of the patients and families at Children's Healthcare of Atlanta at Scottish Rite, I wanted to thank you and Keith with AYMT for a fantastic visit to Children's Healthcare of Atlanta at Scottish Rite last week. You brought joy and smiles to so many of our patient's and families! We are eagerly awaiting our next visit in April!

There was one child in particular that was moved by your visit. His child life specialist called early in the morning to confirm that you all would be here. He had not been out of his bed since his admission and was thrilled to hear that you all would be just downstairs in The Zone! Being able to interact with you all, actually get in the cars and experience AYMT first hand was enough to get him going. His parents were so happy that there was something he finally felt connected with that could in turn help with his recovery.

Being in the hospital can be difficult for anyone, especially a child. It is important for them to know that there are people in the community that care for them. I am so pleased that through you and AYMT, we are able to bring something so meaningful to patients and families during their challenging hospital stay. Thank you for your continued good work and see you soon!

Sincerely,

A handwritten signature in black ink that reads "Juliet Veal".
